

Zetron's 2016 Golf Benefit Brings Total Raised for Behind the Badge to \$120K

Zetron's sixth annual "Shoot for the Stars" golf benefit, held August 31, 2016, at The Golf Club in Newcastle, WA, raised \$25,000 for the Behind the Badge foundation. This brings the total Zetron has raised for Behind the Badge to \$120,000. Behind the Badge honors and assists injured and fallen Washington state law-enforcement officers and their families.

Redmond, WA, U.S.A., September 7, 2016 – [Zetron](#) just completed its sixth annual "Shoot for the Stars" golf tournament to benefit the [Behind the Badge Foundation](#) —an organization that honors and assists Washington State's injured and fallen law-enforcement officers and their families. Through a combination of event fees, sponsorships, donations, and contributions from Zetron and its employees, proceeds from this year's event are \$25,000. This brings the total Zetron has raised over the past six years for Behind the Badge to \$120,000.

This year's tournament was held Wednesday, August 31, 2016, at The Golf Club in Newcastle, WA. Over 150 participants joined in to show off their golf swings and engage in friendly competition. Attendees included Seattle Police Chief, Kathleen O'Toole; Kirkland Police Chief, Cherie Harris; former Kirkland Police Chief, Eric Olson (who is now Zetron's Territory Manager for the Western U.S. and Western Canada); and a host of emergency first responders, law-enforcement officers, and public-safety personnel from agencies throughout the state. Also on hand were celebrity golfers Slick Watts, Nesby Glasgow, and Alonzo Mitz. David Rose, Q13 FOX news anchor and host of Washington's Most Wanted, again served as master of ceremonies, as he has done every year since the event's inception.

"We are very pleased to have again hosted such a successful benefit for Behind the Badge," said Zetron President and CEO, Brent Dippie. "Not only does everyone have a great time, but it gives law-enforcement and first responders who attend the event a chance to experience first-hand the support and appreciation we feel for the difficult and often dangerous work they do."

About Zetron

Zetron has been designing and manufacturing integrated mission-critical communications systems since 1980. Its offerings include IP-based dispatch, NG9-1-1 call-taking, voice logging, IP fire station alerting, CAD, mapping, video surveillance and security integration, and automatic vehicle location (AVL) systems. They are expandable, interoperable, and able to support geo-diverse operations. What's more, Zetron backs its products with technical support, training, and project-management services known for their skill and responsiveness. With offices in the United States, the United Kingdom, and Australia, and a global network of partners, resellers, and system integrators, Zetron has installed thousands of systems and over 25,000 console positions worldwide. Zetron is a wholly owned subsidiary of JVCKenwood Corporation. For more information, visit: www.zetron.com.
